

Safety starts from you

When working at NCC's worksite, you need to have:

SAFETY HELMET

Helmet with a chin strap (multi-point attachment) correctly attached (in accordance with EN 397 requirements).

VALTTI CARD

To be kept in a visible place.

PROTECTIVE GLOVES

Suitable for the task (e.g. cut protection gloves); must be worn when working.

SAFETY FOOTWEAR

Protective class S3, S5 or S1+P.

EYE PROTECTION (EN166)

In accordance with the requirements set by work-related risks, e.g. masks during drilling, concrete pouring and wheel cutting.

HEARING PROTECTORS

A hearing protection device must be used when the noise level exceeds 85 decibels.

RESPIRATOR

To be used in dust-generating work stages and areas, class FFP3/P3 (e.g. particulate respirator, full or half face respirator).

REFLECTIVE WARNING CLOTHING

At least reflective top and EN 20471 class 2. Reflective clothing when working in road and railway areas, class 3.

LONG-SLEEVE WORK TROUSERS

NCC's general and safety rules apply at our worksite. The rules must be followed at the risk of being removed from the worksite.
